

STILE

Linee, motivi geometrici e colore sono alla base di questo nuovo concetto di prodotto ideale sia da pavimento che rivestimento nel formato 60x60.

Due tipologie di grafiche si incontrano senza mai entrare in contrasto, grazie anche alle scelte cromatiche che combinano tonalità neutre e colori polverosi, addolciti da un innovativo effetto materico.

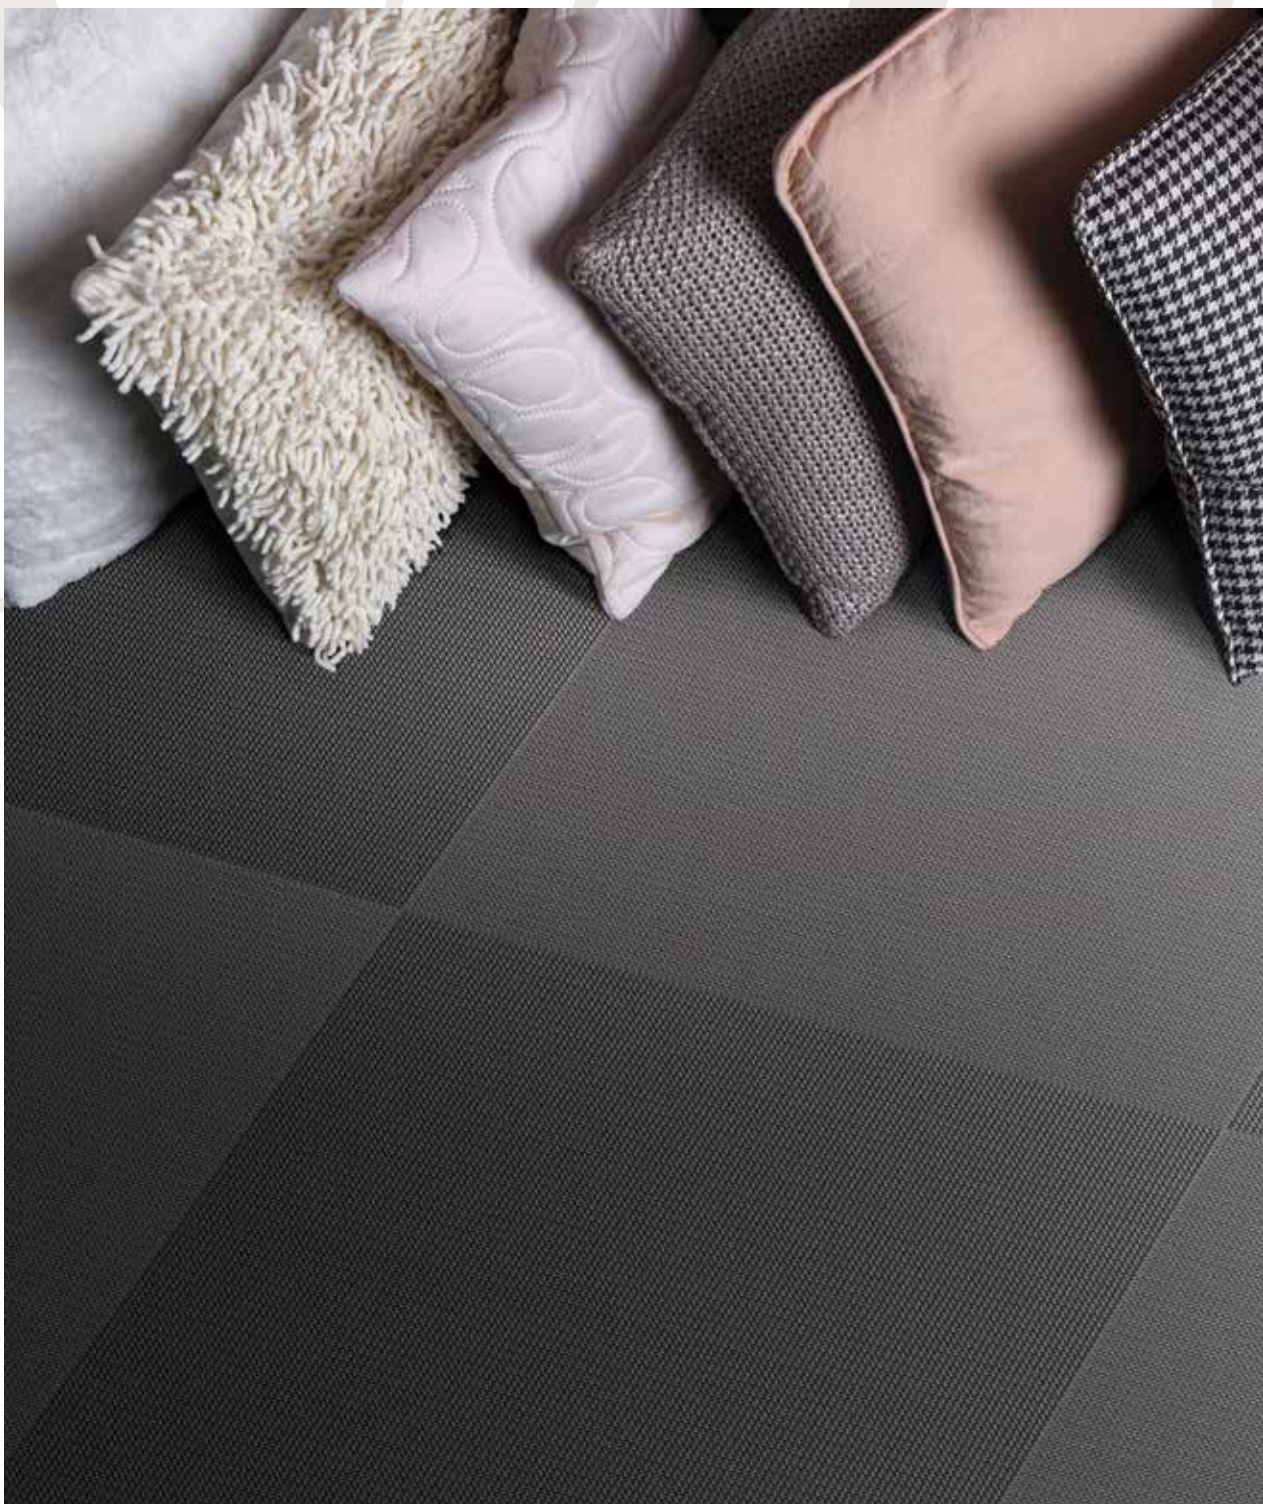

An unprecedented intertwining of fabric and geometry for a contemporary mood. Lines, geometric patterns and colour are the basis of this new concept, ideal for floor and wall applications, in the 60x60 / 24"x24" size. Two kinds of graphic patterns, eventually never conflicting, thanks to the specific chromatic choices that combine neutral tones and dusty colours, softened by an innovative material effect.
