

TOUCH

Volevamo realizzare una collezione che risaltasse la ceramica, il suo spessore, la sua matericità. Volevamo realizzare un design semplice, attuale che creasse scenografie eleganti e sofisticate.

Our wish was to create a collection that could enhance the beauty of ceramics, reinforcing and embellishing the structure. We were looking for a simple and up-to-date design, capable of creating fashionable and sophisticated atmospheres.

TOUCH #05 black on white

In un gioco equilibrato di lucido e satinato, nasce la serie TOUCH, proposta in una gamma cromatica tono in tono e una a contrasto.

La collezione si sviluppa con tre pattern diversi in due formati 20x20 e 60x60.

Eleganza, stile e contemporaneità... tutto in un solo touch.

Our collection is perfectly balanced between glossy and matte, black and white. TOUCH is developed in three patterns and two sizes, 20x20 / 8"x8" and 60x60 / 24"x24".

Elegance, style and modernity show us the way to touch your heart!
